WARRANTS, CIRCULARS, &c.

ORDNANCE.—STORE DEPARTMENT.

VICTORIA R.

WHEREAS it is expedient that various alterations should be made in the constitution and emoluments of that portion of the Civil Establishment of our Ordnance which now forms the Store Branch attached to our War Office at Home and Foreign Stations, under the orders of our Secretary of State for War, and is governed by the Warrant of our predecessor George the Fourth, dated 19th December, 1825 :

We do hereby *annul* that portion of the Civil Establishment of our Ordnance aforesaid, and approve of the Establishment hereunto annexed (Schedule A.) for the Military Store Service of our War Office, as well as the Regulations C., detailing the conditions upon which the salaries and emoluments set forth in Schedules A. and B. are to be received.

And whereas certain of our Civil Officers enjoy under former regulations and warrants higher salaries and allowances than those allotted to the classes in which they will serve in the first instance under this our Warrant, it is our will and pleasure that the same shall continue to be received on the conditions specified in the Regulations C.

And we hereby declare that it is not our intention that the claims which certain of our Civil Officers possess in respect to pensions for their widows, under the 3rd clause of the Warrant of our predecessor George the Fourth, dated 19th December, 1825, shall in any manner be annulled or affected by this our present Warrant.

And we do further direct, that in any special cases not provided for by this our Warrant, our Secretary of State for War for the time being may grant such emoluments as the circumstances may justify, the consent thereto of the Lords Commissioners of the Treasury being previously obtained.

We do likewise empower our Secretary of State for War for the time being to make such alterations and revisions in the Establishments constituted by this our Warrant, or to increase the same (with the sanction of the Lords Commissioners of the Treasury) to such extent as from time to time may be expedient for the Public Service.

Given at our Court of St. James's, this twenty-eighth day of February, 1857, in the twentieth year of our reign.

By Her Majesty's Command,

SCHEDULE C.

General Regulations for the Government of the Military Storekeeper's Service at Home and Abroad.

ART. 1. The members of the Store Department of the War Office at Home and Foreign Stations will form, from 1st January, 1857, a general body divided into six classes, with the titles relative military rank, salaries and allowances described in the Schedules A. and B. annexed, subject to the conditions hereafter mentioned in Articles 4 to 17, and every Officer will be liable to removal from one station to another, as the Public Service may require.

ART. 2. The position of each Officer in the new classification has been determined by the following considerations:—1st. The former grade (*i. e.*, of Storekeeper, Deputy Storekeeper, or Clerk), the class in such grade of the Officer, and the date of his appointment thereto; and, 2ndly, the mutual relation between Officers of the different grades and classes, in salary, responsibility, services and personal qualifications.

ART. 3. It must be distinctly understood by every member of the Service, that his position in his class thus determined confers on him no claim to promotion as a consequence of that position. Due weight will be given to the claims of Officers on the score of long and faithful service, but the primary ground of advancement in the Service will be personal merit, as evinced by zeal, ability, and general good conduct.

ART. 4. The new scales and the annual increases of salary will come into operation from the 1st January, 1857, in the following cases:—

Where the maximum of the class in which an officer is placed, under the new scheme, is equal to or exceeds that attached to his present office, he will proceed to the new maximum from his present actual salary, by the increase of the new class, provided one year at least has elapsed since the date of his last increase.

ART. 5. If an Officer's actual salary at the time of promotion be equal to or higher than the minimum of the class into which he shall be promoted, the increase of that class will be given at once.

ART. 6. All Officers of the Establishment who had served upon the minimum or fixed salary one year or upwards on 1st January, 1857, will be entitled to the increase of their class from that date.

ART. 7. The salaries of Officers upon first appointment to the Service will commence as follows:

If appointed to a Home Station, from the date of joining duty.

If appointed to a Foreign Station, from the date of embarkation.

ART. 8. No increase (except that mentioned in Article 5) will be given without the production of the certificates, of which Forms (D) are annexed.

ART. 9. The allowances of the new scheme will, as regards Officers now in the Service, take effect only when they shall be *moved*. All persons henceforth brought into the Service (and certain Officers lately appointed, in whose cases specific reference was made to the new scheme at the time of appointment), will be at once subject to all the terms and conditions of the new scheme.

ART. 10. The Foreign Service allowance will be drawn by Officers ordered from Home on Foreign Service from the date of embarkation until the date of disembarkation on returning to the United Kingdom; provided, of course, that they remain on active service during the whole of such period. Officers now at Foreign Stations will, when moved to another Foreign Station, draw this allowance from the date of leaving their present stations. Officers at Foreign Stations returning to England, or proceeding to any other country on the recommendation of a Medical Board, for the benefit of their health, will draw the allowance to the date of disembarkation, provided they shall have been previously entitled to the same before leaving their stations. Officers going on leave of absence on private affairs will cease to draw the allowance from the day of leaving the station until the date of re-joining it.

ART. 11. The tropical allowance will be granted at the stations enumerated in Schedule B., and it will be drawn from the date of arriving at, to that of leaving the station.

ART. 12. All local allowances not specifically mentioned in these regulations will commence and cease as in Article 11, except in those allowances dependent upon the performance of any duty, the issue whereof will be limited to the time such duty is actually performed.

ART. 13. The allowance for house rent on Home Service will commence at the date of disembarkation from Foreign Service, provided the Officer proceeds at once to the Home Station to which he shall have been appointed; if he goes on leave before joining, the allowance will commence when he joins duty. This latter rule will also apply in cases of first appointment.

An Officer in receipt of house rent at a Home Station will draw it when ordered on Foreign Service up to the date of embarkation.

ART. 14. Those Officers who now enjoy under former regulations higher rank, scales of salary, and emoluments than are allotted to their new class, will continue to hold them as follows:—

The rank and scale of salary until by promotion they shall have arrived at equivalent rank and salary in the new scheme,—the climate pay of their present station as long as they serve there,—and the house rent at home as long as they serve at their present stations.

ART. 15. Officers granted leave of absence upon the recommendation of a Medical Board, or on private affairs, will not be entitled to draw full salary as a matter of course during the whole of such absence, but will be liable to be placed upon the following proportion of salary:—

In cases of ten years' service and upwards, on two-thirds pay.

Of less than ten years', on half pay.

The dates from which these rates shall commence will be determined according to the merits of each case; but in no instance will these proportions of salary be continued beyond twelve months from the date of the Officer landing in England, or (if serving there) beyond twelve months from the date of his ceasing to do duty.

Officers who shall have been removed from any station for the advantage of the Service, and are waiting until a new station can be allotted to them, will, at the expiration of a month from the time they disembark from Foreign Service, or cease to do duty (if serving in the United Kingdom) be placed upon two-thirds or half salary, according to their service, for a period not exceeding three months.

ART. 16. At the expiration of the dates specified in the preceding Article, all Officers, if not actively employed, will be disposed of by pension, permanent or temporary, or if not entitled to pension, will be merely noted for re-employment as at present.

ART. 17. In case of the death, removal or absence of the Superior Officer at any station, the Officer temporarily acting will be entitled to draw the local allowances of his Superior until relieved.

VICTORIA R.

WHEREAS we have deemed it expedient to revise that portion of our Royal Warrant of the eighth day of April, one thousand eight hundred and fifty-six, which regulates the extra pay of Instructors in Musketry of Regiments and Depôt Battalions; our will and pleasure is, that from and after the first day of January, one thousand eight hundred and fifty-seven, the extra pay of Regimental Instructors, whether of the rank of Captain or Subaltern, shall be Two Shillings and Sixpence a day; and of Captain Instructors of Depôt or Provisional Battalions, Three Shillings and Eleven pence a day.

Our further will and pleasure is, that from and after the said date of first of January, one thousand eight hundred and fifty-seven, the appointment of

Subaltern Instructor with the extra pay of One Shilling and Sixpence a day, as provided in our above-named Royal Warrant for the Depôts of Regiments proceeding on Foreign Service and of Depôt or Provisional Battalions, be abolished.

Given at our Court at Buckingham Palace, this fourteenth day of February, One thousand eight hundred and fifty-seven, in the twentieth year of our reign.

By her Majesty's Command,

PANMURE.

CIRCULAR, No. 34. (INSPECTOR GENERAL OF FORTIFICATIONS.)

War Department, Pall Mall, 1st January, 1857. 148
307

THE change pointed out in the Circular Order of the 5th June last ²⁴⁰/₄, has rendered a revision necessary of that part of the Engineer Code which relates to the charge of Lands, Works and Buildings, viz., Section VI. That section has accordingly been revised, and the following Instructions are to be substituted for those which have been in force till now. A form of the Terrier alluded to in paragraphs 12 and 13 will be supplied hereafter.

SECT. VI.—*Lands, Works and Buildings.*

1. Under the Order in Council of the 5th June, 1856, ²⁴⁰/₄ the Inspector-General of Fortifications is charged with the conservation of all lands granted or used for military purposes; and he, and the Officers under his orders, will be held responsible for any unauthorized or unreported encroachments upon the Government property. The District Commanding Royal Engineers will, therefore, exercise the same care of the lands of the department as was formerly exercised by themselves and the respective Officers conjointly.

The Storekeeper, or other Officer acting as Accountant of the War Department, is to continue to receive all rents and make all payments that may be required, and render his account as he has hitherto done, the Commanding Royal Engineer furnishing him with all the information that may be required.

2. *Perambulation of Boundaries.*] The Commanding Engineer, or an Engineer Officer named by him, and a Clerk of Works, will annually, at the time when the inspection of the fortifications and buildings at the station takes place, perambulate the boundary lines of all property of the War Department, and use their endeavours to remove all unauthorized encroachments, as well as to prevent any further trespass being made.

3. An express permission from the Secretary of State for War is indispensable before any encroachment or trespass is allowed to obtain, even under an annual acknowledgment. And, as such permission will not be granted except in cases of very peculiar character, all applications which are not of such a character must be discouraged.

4. Whenever the Secretary of State for War shall see fit to give permis-

sion for an encroachment being made, the person to whom such permission is granted will be required to enter into an engagement to withdraw the encroachment immediately upon being called upon to do so, and to sign the Agreement in the Book of Encroachments, as required by the Circular of 31st May, 1847, $\frac{O}{1036}$. The permission will specify exactly the nature and extent of the encroachments, and the amount of the acknowledgment to be required, which must be regularly and punctually paid to the Storekeeper or the Barrack-Master, or other Officer acting as Accountant of the War Department, as the case may be (*vide* Circular, 2nd April, 1832, $\frac{E}{268}$), and in failure of which the permission will be considered void, as it will be also in the event of the party becoming insolvent.

5. The time limited for the duration of an encroachment cannot be exceeded without a fresh permission having been obtained from the Secretary of State for War; nor can the permission which has been granted to any individual be transferred, or be continued, to another, unless an express sanction for that purpose shall have been given.

6. Should any difficulty occur in the removal of encroachments which may make a legal opinion necessary, the officers making the perambulation should apply to some professional man for assistance, and report the result to the Inspector-General of Fortifications.

7. All roads belonging to the War Department, and over which a passage to the public may be admitted as a convenience, are to be closed for 24 hours on the day of making the annual perambulation; and registry thereof is to be made, in order that the right of the War Department may be preserved.

8. If there are not officers of all the above descriptions at the Station, the duty is to be performed by such of them as may be present.

9. The Commanding Engineer is immediately to report when any trespass or obstruction to the defences first occurs, especially all cases that are contrary to the instructions of the Royal Warrant of 1778.

10. *Appendix No. 11, Engineer Code.*] The Annual Reports of the Perambulation of the Boundaries of the War Department Property are to be made according to the Form Appendix No. 11 of the Engineer Code. On every point on which a decision has been already obtained, the date of such decision is to be quoted in its proper column, together with the result, so that unnecessary explanation may be obviated. The Report is to contain all the information required, unaccompanied by a letter of explanation, and is to be addressed to the Inspector General of Fortifications.

11. *Plans of Lands and Buildings.*] Commanding Engineers are to cause a set of Perambulation Plans to be arranged or compiled from the most perfect authorities, showing the situation of each Boundary Mark, and describing the several boundaries conformably with the legal conveyances or titles, under which the land is held. These plans are to be verified and signed by the Commanding Engineer, and are to be produced, for the guidance of the officers, at each perambulation.

12. It will be the duty of Commanding Royal Engineers to have in their Office a Terrier or complete statement of all the property of the War Department, within their respective districts, specifying its extent, situation, and tenure, whether freehold or leasehold, and if the latter, of the payments or

conditions under which it is held ; this statement to include lands, houses, rights of way, water power, and all other property of every description.

13. They will make such alterations or additions to the Plans and Terrier as may from time to time be necessary owing to sales or purchases of property by the War Department ; and they will suggest to the Inspector-General of Fortifications such means as may occur to them of increasing the revenue derived from the property of the War Department.

14. As soon as possible after the purchase of any lands or buildings, or the alteration of boundaries, the Commanding Engineer will cause proper Plans to be prepared, and transmitted to the Inspector-General of Fortifications, to be deposited in his Office as Records, especial care being taken to show the boundary stones, or other marks, and to distinguish the boundary, by an edging of lake, within the outer lines of the walls or fences, or within the dotted lines where there are no walls or fences, so as accurately to define the extreme limits of the War Department property, it being known that, practically, the boundary wall, or fence, as it may be called, does not always show the legal extent of ownership.

15. *Proceedings of any parties affecting War Department Property.*] In all proceedings, whether depending upon Parliament, the Magistracy or any other authority which may be instituted for local purposes, and which may affect, or can in any way be likely to affect, or interfere with War Department property and interests, the Secretary of State for War will hold the Officers, or others, both military and civil, who may be stationed at or in the vicinity of the place to which those proceedings may have reference, responsible to him to report the nature of the case, be it what it may, the moment it shall become known to them, generally or individually, so that the Solicitor of the War Department may be instructed to watch and to oppose the measures in contemplation, should the interest of the Public Service require proceedings to be taken thereon.

16. *Charge of Works.*] The charge of the works, and the disposal of the grass thereon, at all fortified places are under the dominion of the War Department ; and with reference to the provisions of the Royal Warrant, of 1st September, 1778, the Secretary of State for War holds the Inspector-General of Fortifications and his officers responsible, that no person shall be permitted to plough on any ground or covered ways, ditches or outworks surrounding or attached to War Department property ; that no grazing of cattle, no planting of gardens in bastions or outworks, no erection of any sort of buildings is permitted, except by the sanction of the Secretary of State for War.

At such stations where grass is grown, the usual regulations as to periodical cuttings, and the making the same into hay, should be strictly observed.

17. *Plans and models of works.*] Engineer Officers will take care that no person whatever not belonging to the Department shall be allowed to make a model or plan of any work of defence, or any part of one ; that no officer or other person in the employment of the Department, shall be allowed to make any such model or plan without the permission of the Commanding Royal Engineer at the Station, who, in giving his sanction is immediately to report the circumstance to the Inspector-General of Fortifications ; that, when a model or plan is made under such permission, it is not to become the property of the person by whom it is constructed, but is to be deposited

in the office of the Commanding Royal Engineer, or be forwarded to Woolwich if it be deemed worthy of a place in the Royal Military Repository ; in this latter case it will be subsequently determined whether any reward shall be given to the individual.

18. Commanding Officers of Artillery, at Home and Abroad, may have such reference as the Service may require, to the plans and maps relating to their command in charge of Commanding Royal Engineers ; and also be permitted to measure such distances as may be useful to the Service ; but not to copy any part of them without due authority, under the existing Regulations.

19. *No building to be permitted within 600 yards of works.*] Instructions having been given relative to the inexpediency of alienating or granting building leases of lands in the Colonies situated in the vicinity of Military Works, Barracks, Magazines or Military Establishments, without a previous reference to the War Department, stating at the same time, that 600 yards should be the distance within which it would be advisable not to permit the erection of any buildings in the neighbourhood of works of fortifications ; Commanding Engineers will be careful to report to the Inspector-General of Fortifications upon all occasions when any deviation herefrom takes place.

In determining the application of this principle at each particular Station, it is desirable that, besides the certain radius above described, within which no building whatsoever shall be constructed without sanction as aforesaid, a special prohibition should also be established, of a similar nature, with reference to the erection of buildings, even beyond the radius above alluded to, upon commanding heights, or in other situations which particular local circumstances might render especially prejudicial to the military works.

20. *Conveyances.*] In all purchases of lands in the Colonies by the War Department the conveyance is to be made to " The Secretary of State for War, for and on behalf of her Majesty her Heirs and Successors, for the service of the War Department, or such other public service or services as her Majesty, her Heirs or Successors, shall from time to time, by any Order in Council, be pleased to direct ;" and at Foreign Stations the Commanding Royal Engineer will be furnished with a power of attorney to sign leases. At Home Stations the leases will, when the terms of them are approved, be concluded direct between the person whose tender has been accepted and the Solicitor of the War Department, and will receive the signature of the Secretary of State.

21. *Possession and occupation of War Department Property.*] No Officer of Engineers will in future take upon himself to grant either temporary or permanent possession of any part of the War Department property whatever, without being expressly permitted so to do ; and no Officer will in any way alter the appropriation of lands or buildings without the sanction of the Secretary of State for War.

22. No cultivation or shrubs are to be allowed in or near Magazine Yards.

23. No person is to be allowed, under any pretence whatever, to occupy houses or land belonging to the War Department without the express permission of the Secretary of State for War. Notice to be given to the In-

spector-General of Fortifications six months before the expiration of any lease of a term of years, for houses or land.

24. *Public competition.*] No Officer, military or civil, of the War Department, shall be permitted to take ground which may be ordered to be let by public competition, nor to bid at auctions for any property of the Department.

25. Commanding Royal Engineers will inform themselves as to the period at which leases of Government land or buildings will fall in; they will then obtain tenders for a fresh letting, in all cases, when practicable, resorting to public competition.

26. In places where it is usual to let land by auction, that course may be adopted whenever the Commanding Royal Engineer thinks he may by that means obtain a higher tender.

27. At Home Stations public competition is never to be dispensed with without the authority of the Secretary of State for War.

28. At Foreign Stations public competition is never to be dispensed with without the authority of the Officer Commanding the Troops at the Station, and a full report of the circumstances must be at once made to the Secretary of State for War, through the Inspector-General of Fortifications.

29. At Home Stations the advertisement, or public notice should direct persons tendering to apply to the Commanding Royal Engineer for Forms of Tender, which should be filled up, and sent by post to the Director-General of Contracts, War Department, London, marked in the corner of the cover, "Tender for Land at ———."

30. The Commanding Royal Engineer will, at the same time transmit to the Inspector-General of Fortifications a copy of the advertisement, and his opinion of the competency of persons who have called for forms of tender.

31. At Foreign Stations on the letting of Buildings or Lands, the Commanding Royal Engineer will apply to the Commissariat Officer, or other Officer duly authorized to publish the necessary advertisements calling for tenders. The tenders received in pursuance thereof are to be opened by such Officer in the presence of the Commanding Royal Engineer, the Storekeeper, or other Officer acting as Accountant of the War Department, and the highest tender is to be accepted, provided the person tendering is considered competent.

The tenders are then to be delivered to the Commanding Royal Engineer, who will transmit them, with a report of his proceedings, to the Inspector-General of Fortifications.

32. In all cases the Storekeeper, or other Officer acting as Accountant of the War Department, must be made fully aware of the rent and terms of letting, to enable him to collect the rents.

The same course is to be followed in disposing of the grass or other produce of land which it is not considered advisable to let.

33. When legal advice is necessary at Foreign Stations the Commanding Royal Engineer will be guided by the Circular of 26 April, 1847 $\frac{E}{48}$.

34. At Home Stations he will apply to the Inspector-General of Fortifications, who can obtain the assistance of the Solicitor of the Department.

35. Though the Commanding Royal Engineer is solely responsible for preventing encroachments, or any unauthorized use or appropriation of any land or building, the property of the War Department, it is the duty of every

Officer in the Public Service, and more particularly the Barrack Master and Storekeeper, or other Officer acting as Accountant of the War Department, to point out to the Commanding Royal Engineer any instance of this kind that may come to their notice.

36. Before reletting any land or building, or proposing to the War Department to do so, the Commanding Royal Engineer must satisfy himself that it is not required for the Public Service, either for Barracks, Stores, or Works of Defence.

37. The Commanding Royal Engineer, or an Officer appointed by him, will represent the War Department on all Boards formed by Local Acts of Parliament at which it may be required that an Officer of the Department should sit, and he must apply for a Power of Attorney when necessary.

38. In all proposals and conditions of letting War Department premises it is to be provided that the rates, taxes, rent-charge, land tax, and all other parochial assessments, shall be paid by the tenant; and that the letting shall be void in case the lessee shall become bankrupt, or apply for, or take the benefit of, any Act for the Relief of Insolvent Debtors, or of his doing or suffering any act which would subject the premises to be transferred by operation of law. Commanding Engineers are, therefore, to report all such cases to the Inspector-General of Fortifications.

39. *Uninhabitable buildings.*] A Special Report is to be transmitted by the Commanding Royal Engineer to the Inspector-General in each case, as it may arise, relating to any building which may be considered uninhabitable and unfit for repair. Before making this Report the Commanding Royal Engineer will refer to the Officer or Department in whose charge the building may be for such observations as he may have to offer. And in all cases of Barrack or Military accommodation the concurrence of the Officer in Command of the District or Colony should be obtained.

40. When works or buildings the property of the War Department are lent or let, under the conditions specified in the Order of 2nd May, 1832, ^{F.}₃₀₁ for occupation of the Coast Guard, or any other service, it is to be considered as a temporary measure, and the whole expense of their maintenance and restoration, when no longer required, will be chargeable to the Service by which they were occupied, and no alteration of construction, fittings or of appropriation, is to be made without the sanction of the Secretary of State for War. And, for ascertaining the due observance of this condition, the works and buildings so occupied are to be occasionally inspected, to ascertain the state of them as to repair; to see that the platforms of the towers are kept perfectly clean; and to see that the cesspools and drains are clean, and in proper order.

No new buildings of any description, particularly any piggery, henhouse, or construction of that nature, are to be erected, either within or without the site of the works without due authority, communicated through the Commanding Royal Engineer of the District. The payment of a ground rent will be required in cases of the above nature.

On any Officer taking charge of a Tower, Battery or Barrack, for Revenue Service, an inventory of the several matters is to be taken in duplicate, and one lodged with the Engineer of the District, in which are to be distinctly stated all necessary particulars in regard to the nature of the building, its condition, and state of repair, in order that whenever the War

Department may resume possession and occupation thereof, it may be received in the same state as when transferred for the Revenue Service.

41. In all cases where application is made to the War Department for the grant of Departmental property to other Departments, or to private persons, either by sale or otherwise, the Report of the Commanding Royal Engineer thereon should show, separately, the Extent of Land ; its Value ; and the Annual Income derived from it.

War Office, 16th January, 1857.

SIR,

THE Secretary of State for War having had under his consideration the cases of Soldiers promoted to the rank of Serjeants, who at the time of their promotion are in receipt of extra rates of pay granted by the Good Conduct Warrant of the 8th July, 1848, and which extra rates, under present regulations, lapse upon promotion, I am directed to acquaint you that Lord Panmure has been pleased, with a view of rewarding those who by their good conduct have obtained the rank of Serjeant, and of encouraging other Soldiers to endeavour by good conduct to obtain similar promotion, to allow, from the 1st instant, all Serjeants now serving, and all who may be hereafter promoted, to retain, in addition to the established pay of their rank, the good conduct pay of which they were, or may be, in possession at the date of their promotion.

The charge may be made in the accounts of the Paymaster against the names of the Serjeants now serving, or who may be hereafter promoted, at the rates of good conduct pay of which they were respectively in possession at the date of their promotion.

It is, however, to be clearly understood that it is not intended to make applicable to the rank of Serjeant any of the provisions of the Good Conduct Warrant, by which a further increase of good conduct pay may be obtained, nor to subject Serjeants to the forfeiture prescribed by that Warrant while holding that rank, but every Serjeant reduced will be subject to the conditions prescribed by the Warrant of the 8th May, 1851.

CIRCULAR, No 45. (INSPECTOR-GENERAL OF FORTIFICATIONS.)

War Office, 14th February, 1857. ^{224 B.}₁₉₂

WITH reference to the recent Reports of Commanding Royal Engineers as to the "state of Plans" in their respective districts, called for by Circular of 18th September, 1856, it is considered that much may be done towards making good the deficiencies by adapting to the purposes of the War Office the Admiralty Charts and large scale Ordnance Surveys:—on the former, the positions, and on the latter, the particulars, of the Lands and Works belonging to the War Office might be accurately delineated.

It is therefore proposed from time to time to transmit to the Commanding Engineers duplicate copies of such authentic engraved Plans as can be obtained, to be completed with information specially required for Military purposes: one copy being retained at the Station, and one transmitted for record in the War Office.

These Plans are to be finished with strict reference to Circular, dated 23rd February, 1849; and the boundaries are to be shown in compliance with Article 14, Revised Section VI. of the Code.

The configuration of the ground is to be shown on the Ordnance Survey Plans with the brush and sepia or indian ink, and not with the pen.

The Commanding Royal Engineers will cause to be added to the Plans any further information, not specified in the Circular of 1849, which they may consider useful for Military purposes.

All additions to and alterations in the Military Buildings, or in any important Civil structures, having a bearing on the Defences, which have occurred since the date of the Survey, are to be carefully introduced.

When the scale admits of it, as it will in the large scale Ordnance Plans, a few general sections are to be added.

By order of the Inspector-General of Fortifications,

H. C. OWEN.

The Commanding Royal Engineer.

War Office, 16th February, 1857. Y.

SIR,

The Secretary of State for War having had under consideration the subject of the supply of Clothing and Necessaries for the disembodied Militia and the Non-commissioned Officers and Drummers forming the permanent Staff of the various Regiments in the United Kingdom, I am directed to inform you that his Lordship has decided upon the following general regulations, which are now communicated for the information and guidance of Officers commanding Militia Regiments.

1. The permanent Staff will be supplied with the following articles :—

- 1 Chaco every five years.
- 1 Tunic every two years.
- 1 pair of Trousers every two years.
- 1 pair of Boots every year.

2. The enrolled volunteers will be provided with the following articles of Clothing :—

- | | | |
|-----------------------------|---|-------------------|
| 1 Tunic | } | every five years. |
| 1 pair of Trousers | | |
| 1 Chaco | | |
| 2 Fatigue Jackets | | |
| 2 pairs of Fatigue Trousers | | |
| 1 pair of Boots | | |

3. The boots may, however, be taken away by the Volunteers after the expiration of the training, upon the payment of 4s. 3d., half the original cost ; but should the Volunteer decline to take his boots after the training, they must last five trainings ; a certified statement of the number of boots taken and of the sums received on account of the same is to be forwarded to this office as soon as possible after the expiration of the training.

4. Every Volunteer upon his first joining for training will be entitled to the following articles of necessaries :—

- | | | |
|------------------|---|-------------------|
| 1 Stock | } | every five years. |
| 2 Shirts | | |
| 2 pairs of Socks | | |
| 1 Forage Cap | | |
| 1 Haversack | } | every ten years. |
| 1 Knapsack | | |

5. Great Coats for the permanent Staff will be required to last five years, and for enrolled Volunteers ten years.

6. The three suits of clothing are intended to last five years, and as it is of great importance that the men should always be in possession of one dress and one fatigue suit, the officer commanding will apply for the second suit whenever he may consider the same necessary, it being clearly understood that the articles issued are not to exceed the three suits allowed for the five trainings.

7. As all clothing is intended to last the time for which it was originally issued ; clothing belonging to men who may become non-effective is to be taken into store and a ticket affixed to every garment, showing the time it

has been in wear; and this clothing when reissued to volunteers should last the time it was intended to last, had the man not have become non-effective.

8. Should the regiment under your command have received new clothing only a short time previous to its disembodiment, his Lordship has decided that this clothing shall be made available for the next training, and must serve as a fatigue suit for the two subsequent trainings; and should you not be in possession of a sufficient number of suits for the effective strength of the regiment, the quantities required to meet the deficiencies will be forwarded to you upon your complying with the instructions contained in the letter from this Office of the 24th December, 1856. Y. 13,285.

9. In case your regiment should not have been embodied, you will receive complete clothing for next training, which should serve as fatigue suits for two subsequent trainings.

10. As this clothing will be required to serve as fatigue suits for two subsequent trainings, Lord Panmure has decided that the first issue of clothing of new pattern shall be made in 1858, and that the first issue of new fatigue clothing shall be made in 1860.

11. Chacos which were supplied with or at the same time as the clothing for 1856-7, will be required to last five trainings, but such chacos as have been previously worn will only be required to last the number of trainings stated as below.

If issued next training, five trainings.

If worn three months, four trainings.

„ six „ three trainings.

„ one year, two trainings.

„ one year and a half, two trainings.

12. Requisitions for the clothing, accompanied by the size rolls to enable the contractors to make the garments of the proper size, must be addressed to the Secretary of State for War seven months before the articles required are likely to be taken into wear, and the requisitions should demand such quantities as may be required for the Volunteers who may be expected to be present at the training.

13. The clothing will be supplied, made up and forwarded to the Head Quarters of each regiment, and a sum not exceeding two shillings per suit will be allowed for alterations for the permanent Staff, and one shilling per suit for the enrolled Volunteers.

14. These charges are only to be made when alterations are considered necessary, and the bills for the work performed must be forwarded in duplicate to this department, properly certified by the Commanding Officer.

15. At the expiration of every training, the clothing is to be taken into Store, and an estimate prepared of the repairs which may be necessary.

16. The articles of necessaries enumerated in paragraph four will be supplied to Volunteers who have been enrolled since the regiment was disembodied, or since the last training, upon requisitions addressed to the Secretary of State for War, but should there be in Store any articles belonging to non-effective men, they are to be issued in the same manner as is pointed out in paragraph seven.

17. The necessaries supplied by Government are to be taken into Store in the same manner as the clothing, but the shirts and socks must be washed, and a sum not exceeding one halfpenny for every shirt and each pair of socks will be allowed by the public.

18. The bills for this service should be forwarded in duplicate properly certified, and will be paid to the Adjutant of the regiment.

19. The clothing and necessaries are in no case to become the property of the man, until they have been in wear five trainings, with the exception of the boots, which may be retained by the volunteer after the training, upon the payment of 4s. 3d. per pair.

ALLOWANCE FOR SOLDIERS PROCEEDING LONG DISTANCES BY RAILWAY,
WHEN NOT BILLETED AT ANY PLACE ON THE JOURNEY.

63,500

Gen. No. 319.

SIR,

War Office, 18th February, 1857.

ADVERTING to the Instructions sanctioning the issue of full Marching Money for Soldiers proceeding long distances by Railway in *England and Wales*, when not billeted at any place on the journey, whereby the allowance of Ten pence for the hot meal becomes due to the Innkeeper;

I am directed by the Secretary of State for War to acquaint you that, with a view to provide as far as practicable against the inconveniences attendant upon billeting Troops, especially large bodies, in populous Districts (alluded to in the letter from this Department of 25th July last,* addressed to the Quarter Master General, copy of which accompanied the Horse Guards' Circular of 29th July, to Officers Commanding), his Lordship, in concert with the General-Commanding-in-Chief, has again had the subject under consideration; and, with the concurrence of his Royal Highness and the Lords Commissioners of her Majesty's Treasury, has decided:—

1. That in all cases in which the Military, including recruits and escorts, shall perform a continuous railway journey of 150 miles and upwards in any part of the United Kingdom, an allowance of Ten pence for each soldier shall be admitted as a charge in the Accounts, provided the public be not subjected to any charge on account of Billets or Marching Money (save as allowed by paragraph No. 3), or, in England, of the allowance for a hot meal granted by the 72nd clause of the Mutiny Act; and that whenever a continuous journey by rail of 250, 350 or 450 miles and upwards shall be performed, a second, third and fourth issue of the said allowance will be admissible on the like conditions, without reference to whether the Troops do or do not move into Barracks at the end of the journey.

2. That the second allowance should be issued to all Troops conveyed continuously the entire distance between Liverpool and Aldershot, or between Liverpool and Woolwich, although the distance travelled be under 250 miles, if the journey be performed in connection with an embarkation or disembarkation at Liverpool; and that the first allowance, Ten pence,

should be admissible for Troops moving to or from the *Isle of Wight*, if a continuous railway journey of not less than 100 miles shall have been performed, the second rate being admitted provided such journey shall extend to 200 miles, and so on; and in the case of *Invalids sent to Chatham*, the allowance of *Ten pence* will be admitted, if a continuous railway journey of not less than 100 miles be performed, an additional *Ten pence* being chargeable for every additional 100 miles completed.

3. That in every case in which a soldier shall march on foot a distance of Five miles and upwards, in proceeding to or from a railway station, an additional charge of *Three pence* will be admitted if the railway journey shall extend to 100 miles.

4. That such allowances of *Ten pence* in South Britain, or at the usual rate of marching money in Scotland and Ireland, as have been heretofore granted for railway journeys of less than 100 miles, are to cease from the date of promulgation of this Circular; and, also, that the regulation contained in Article No. 350 of the Explanatory Directions annexed to the Royal Warrant of 1848, so far as it applies to soldiers conveyed by railway, is now abrogated.

Sale of Copies of Printed Schedules of Prices.

War Office, 23rd February, 1857. $\frac{Z. 611}{450}$.

CASES having arisen of private Architects applying to be furnished with printed copies of the Royal Engineer District Schedules of Prices, the Secre-

tary of State for War has considered in what way it is best to meet such applications.

His Lordship has decided that in all cases in which there is no strong reason to the contrary, the public should have the advantage of whatever skill and trouble may have been given to subjects of this kind by Her Majesty's Officers, upon payment of a certain fixed price.

That price should be such as should not only cover the cost of paper and printing, but entirely to negative any idea that it is intended to enter into any competition with Price Books published by private enterprise.

After consulting with the Comptroller of the Stationery Office, this price has been fixed at 3d. per folio foolscap sheet.

In all future cases of printing Schedules of Prices, the Commanding Royal Engineer will have the price printed on the title page, computed at the rate of 3d. per foolscap folio sheet. Thus, if it consists of seven sheets, the words "Price 1s. 9d." would be printed on the title page.

The Commanding Royal Engineer will then furnish to the Storekeeper, or other local Accountant of the War Office, such a number of copies as are likely to be wanted by private individuals, who are, upon inquiry, to be directed to apply to the Storekeeper.

The Storekeeper or Barrack Master will render to the Accountant-General, half-yearly, a statement of the number of copies received from the Commanding Royal Engineer, the number sold, amount received, and number of copies on hand, and this return is to be certified by the Commanding Royal Engineer.

As it is never likely that more than a few copies will be demanded, it does not seem necessary at present to incur the expense of printing a greater number than it has been hitherto the custom to print.

The sale, or distribution, of copies by any Officer of the Department, or through any other channel than that above pointed out, is positively forbidden.

Contractors are to be furnished with the number of copies necessary, at the direction of the Commanding Royal Engineer.

SIR,

THE future prices for the purchase of remount Horses for the Royal Artillery and Cavalry, in lieu of the special rates allowed during the late War, having been brought under the consideration of the Secretary of State for War by His Royal Highness the General Commanding in Chief, who has represented that it would tend to the advantage of the Service if Horses at four years old be obtained, rather than at the age at which they have hitherto been purchased, viz., three years, I am directed to acquaint you that Lord Panmure concurs with His Royal Highness in this view, and has accordingly consented to advance the price of four year old Horses for the Artillery from 31l. 10s. to sums not exceeding 36l., and for the Cavalry from 26l. 5s. to sums not exceeding 30l., at which improved

prices it is considered good serviceable Horses, and sooner fit for duty in the ranks than younger Horses, may be readily obtained.

I am, however, to add that, in exceptional cases, Horses at three years old may be purchased, provided special authority be in the first instance obtained from the Adjutant-General, but that in such cases no more than 30*l.* in the Artillery, and 26*l.* in the Cavalry, will be allowed as a charge against the public.

MEMORANDUM, No. 56.

War Office, 24th February, 1857. 375—23
115

THE Secretary of State for War finding that considerable misapprehension prevails with respect to the relative functions of the Store Branch and the Manufactories of the War Office, desires that the following Rules be observed:—

1.—All manufactured articles of every description are to be in charge of the Store Branch, which is to be exclusively responsible for holding a sufficient quantity on hand, as well as for keeping them in proper preservation and repair.

2.—All Demands and Orders for the issue of Stores to the various Services are to be forwarded to the Store Branch for execution.

3.—If the Stores should not be on hand, or if, after issuing them, it should be necessary to replace them, the Store Branch will make Requisitions for them; on which authority will be given for the purchase or manufacture (as the case may be) of the Stores required.

4.—All articles of the descriptions with which the Government Manufactories are concerned, when returned into Store after use, will be inspected by the Officers of the Manufactories, and will be reported by them to the Storekeeper, as the case may be, "Serviceable," "Repairable," "Unserviceable" or "Obsolete," and he will bring them on his charge accordingly.

5.—In the event of there being in possession of the Store Branch any repairable or convertible Stores which may be made applicable to the completion of any Order made on the Manufactories, the Superintendent of the Manufactory concerned will demand the quantity of such Stores which may be required for that purpose.

6.—In all cases of doubt or difficulty connected with the condition of Stores with which the Government Manufactories are concerned, and generally when requisite, it will be the duty of the Store Branch to obtain the opinion and assistance of the Officers of the Manufactories; and the Director of Stores and his Officers will be held strictly and exclusively responsible, if, from neglect of this precaution, Stores, either of an improper kind, or in an imperfect condition, be issued for Service; or if Stores which have become unserviceable from change of pattern or any other cause, be kept unnecessarily on hand, instead of being converted or sold.

7.—All Requisitions for the provision of Stores made by the Heads of the Manufactories will in the first place be transmitted to the Store Branch, for the purpose of ascertaining whether any of the Articles can be supplied from Store; and the Store Branch will transmit to the Accountant-General a List of all Stores supplied by it to the Manufactories, in order that such Stores may be valued, and the Votes of the Manufactory concerned debited with the amount.

SIR,

I AM directed by Lord Palmerston to inform you, that as the Commissioned Quartermasters of Militia Corps who are serving on the Permanent Staff are not provided with Quarters by the public, his Lordship approves of their being allowed 8s. a week as Lodging Money, provided they are not furnished with Quarters by the County.

The allowance may, therefore, be issued to the Quartermaster of the Regiment under your command, from the date of its disembodiment, if then holding the Commission, but should he have been commissioned subsequently, only from that of his joining the Head Quarters of the Permanent Staff.

This 8s. a week, like the 10s. granted to the Adjutant, is to be viewed as covering both Lodging Money, and Fuel and Light, and should be charged in the disembodied Pay List up to the 31st of December last, and thenceforward claimed direct from the Accountant-General, War Office, Pall Mall, in the Monthly Account for the combined allowance in lieu of Quarters, and Fuel and Light for the other members of the Disembodied Staff.

I have the honor to be, Sir, your obedient Servant,

B. HAWES.

3. This allowance may be claimed monthly, from 1st April next, in accounts prepared according to the form annexed, to be transmitted to the Accountant General, War Office, Pall Mall, marked in the upper left hand corner of the cover "Lodging Money."

CIRCULAR, No. 63. (HOME STATIONS.)

War Office, 7th March, 1857.

THE Secretary of State for War desires that measures may be taken to prevent the delay that has occurred in many engineer districts in forwarding the Certificates for work performed by the Contractors.

No less than 74 Certificates reached the Department of the Accountant General between the 1st January and 19th February, 1857, for work done in the quarter ending the 30th September last, and many even for the quarter ending the 30th June.

The measurements for the works of each quarter are provided by the terms of the triennial Contracts to be completed within twenty-one days after the end of each quarter, and the Certificates should certainly be forwarded to the Accountant General without fail before the close of the month succeeding the end of the quarter.

The consequence of delays in settling the claim of Contractors is, that numerous personal applications are made at the War Office for payment of claims, which, if the terms of the Contract had been fulfilled by the Engineer Department, ought to have been settled many months before.

So frequent have these applications become, that the Accountant General has been compelled to decline to receive any but written remonstrances, accompanied in every case by a letter from the Commanding Royal Engineer, stating the date upon which the certified claim was forwarded by him.

The Secretary of State considers these delays discreditable to the service, and the embarrassment which is often caused to Contractors naturally leads to an increase in the general rate of tenders for engineer services, and therefore to an inexcusable waste of the public funds, which the Secretary of State is resolved to check by every means in his power.

It is also clear that when such delays take place in measuring and computing the prices of work actually performed, it must be difficult for the Commanding Engineers of Districts to establish that strict comparison between the estimated and actual expenditure on each authorized service, which will alone enable them to avoid the frequent, and otherwise inexplicable, excesses which take place in services of a perfectly simple character, in which there have been no engineering difficulties to encounter.

Whenever the delay may be fairly shown to arise from a temporary want of the necessary staff, it is the duty of a Commanding Engineer immediately to report it for the information of the Secretary of State.

With regard to services performed within the last quarter of the present and each succeeding financial year, the most strenuous efforts should be made to measure up work to the latest possible date, so that detailed Certificates for the same may be transmitted to the Accountant General on or before the 25th of March, and care should be taken that these, and all other, Certificates so forwarded for examination and allowance, give the full names and addresses of Contractors, and show the order accepting the Contract as well as that approving the annual estimate, sanctioning the special service or authorizing the excess, as the case may be.

SIR,

As there appears to be some doubt regarding the ownership of certain articles of public property which formerly belonged to the Colonel of the Regiment, I have the honor, by direction of the Secretary of State for War, to inform you, that the allowance granted to Colonels by her Majesty's Warrant of the 21st June, 1855, in lieu of off reckonings, was meant as compensation for the profits hitherto realized by them in providing the clothing, &c., and that, therefore, from that date, all articles which were the property of the Colonel become the property of the public.

SIR,

War Office, 19th March, 1857.

It having been determined that Officers as well as Soldiers who may form part of the Force destined for service in China shall have the privilege of making remittances of their pay for the benefit of their friends at home, I am directed by the Secretary of State for War to call your attention to the several articles at pages 71 and 72 of the Explanatory Directions, and, as Lord Panmure is desirous that every facility shall be given to those engaged in this service, to acquaint you that new forms have been prepared, a sufficient supply of which will be immediately transmitted to the Paymasters of Regiments under your command.

This form will have to be filled up by the Paymaster, and signed by him and by the Officer or Soldier making the remittance; the form will then be given to the remitter, who will transmit it to the party at home, to whom he intends to make the remittance, the Paymaster taking care to enter on the fly-leaf such particulars as will be required to be inserted in his Pay List, and to enable him fully to carry out Art. 233 of the Explanatory Directions.

The Regimental Agent will be instructed to pay the sum remitted on presentation of the form above alluded to, and will charge such sum, vouched by the said form, in his public accounts.

The Paymaster will transmit to this Office, by every mail, a return of the sums he has received for remittance, and will send a duplicate thereof to the Regimental Agent.

The Paymaster will also cause to be posted up in a conspicuous place notice of the days when the Mails depart for England, so that the Officers and Men may be aware of the proper time for sending home their remittances.

I am further instructed to add, that you should cause every facility to be afforded to the carrying out of these measures.

upon which their opinion is formed, for the guidance of the Director of Contracts.

The same course is to be followed in opinions as to the ineligibility of persons tendering for the hire of lands or buildings the property of the Department.

SIR,

War Office, 20th March, 1857.

Much inconvenience having been felt from the manner in which Contingent Clothing accounts have hitherto been sent in, I am directed by the Secretary of State for War to request, that in forwarding those due on the 31st instant, the following instructions may be strictly adhered to, in addition to the rules already laid down for the guidance of Officers commanding.

1st. Contingent Clothing Accounts are to be forwarded, addressed to the Secretary of State for War, as soon after the 31st instant as possible.

2nd. These accounts are to be a debtor and creditor account, *in duplicate*, charging on one side all sums disbursed on account of clothing, compensation, carriage, marking, and all matters connected with clothing.

3rd. All charges must be supported by vouchers, if possible—if not, by a certificate of the Commanding Officer.

4th. On the credit side, credit should be given for all sums realized by sale of old clothing, or recovered from the men by stoppages for over issues, and the credits should be supported by a certificate of the Commanding Officer as to the sum realized.

5th. The only charges or credits not requiring a voucher or certificate in support, are the compensation paid to men, or the money stopped from them on account of over issues of clothing—for which the Nominal Clothing Return will be considered a sufficient voucher.

6th. The Nominal Clothing Return should, if possible, accompany the Contingent Account, as the latter cannot be passed without it.

7th. In Depôt Battalions, a separate Contingent Account should be sent in for each Depôt composing the Battalion.

8th. It is to be clearly understood that the Contingent Accounts required on the 31st instant are only to include transactions which have taken place between the date of the last account sent in and the 31st instant, and are not to be a recapitulation of the whole year or of any period for which accounts have already been forwarded.

MEMORANDUM.

FIELD OFFICERS *who have retired from the Service by the Sale of their Commissions, and wish their Names to be restored to and retained in the ARMY LIST in Italics, will be pleased, in their Applications for this Privilege to the General Commanding in Chief, to state the Dates of their last Commissions, Brevet as well as Regimental, and also that of their Retirements.*

HORSE GUARDS,
29th May, 1855.

ALL FIELD OFFICERS *whose names are allowed to be retained in the ARMY LIST, whether they may have sold out since or previously to the issuing of Her Majesty's Royal Warrant of the 6th October, 1854, shall send a Certificate to Her Majesty's Secretary-at-War of their being alive on the 1st January and the 1st July of each year.*

If such Certificate due on the 1st January be not received at the War Office by the 1st April, and that due on the 1st July by the 1st October, it will be concluded that the Officer is deceased, and his name will be removed from the ARMY LIST.

MEMORANDUM.**ARTIFICIAL ARMS AND LEGS.**

THE Lords and others Commissioners of Chelsea Hospital having at the suggestion and recommendation of the Secretary of State for War, made Arrangements for the supply of Artificial Arms (constructed upon an improved principle) and of Artificial Legs (in imitation of the natural leg, both as to form and motion) to those Commissioned Officers who have been wounded in the Service, whose means may not enable them to provide themselves with more expensive contrivances,—it is hereby notified, that such Officers who may be desirous of availing themselves of this benefit, and whose cases may come within the above regulation, should address their applications upon the subject to the Secretary of Chelsea Hospital. It is, however, to be clearly understood, that, as this is intended to be a boon to Officers of the above description, no pecuniary allowance in lieu can be granted to Officers who may prefer providing themselves with other substitutes for limbs.

MEMORANDUM.

ANY Captain applying to the Secretary of State for War to be appointed a Staff Officer of Pensioners should answer distinctly the following questions as to his qualifications:

- 1st. What is his age? Whether on Full or Half Pay? Whether serving abroad or at home?
- 2nd. Has he completed FIFTEEN years' service on Full Pay, and in what Corps?
- 3rd. What is the date of his Commission as Captain?
- 4th. Has he received the difference when placed on Half Pay? Did he retire at his own request, from ill health, or from wounds?
- 5th. Has he served as Adjutant, or Paymaster, or on the Staff in any capacity likely to qualify him for the duties of Staff Officer of Pensioners?
- 6th. Has he certificates of ability and fitness from Officers under whom he served?

N.B. Officers under or above the rank of Captain, or whose appointment would involve immediate Brevet Rank, or who, having received the difference, are not prepared to repay it, are ineligible for the appointment of Staff Officer of Pensioners.

The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force :

Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission, may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of Her Majesty's Realm.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander-in-Chief, the Master-General of the Ordnance, or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

(Signed) CLARENDON.

WARRANTS, CIRCULARS, &c.

CIRCULAR, No. 70. (MEDICAL ATTENDANCE—HOME AND FOREIGN.)

271—6

179

War Office, 19th March, 1857.

THE Secretary of State for War having, with the concurrence of His Royal Highness the General Commanding-in-Chief, directed that the privilege of gratuitous Medical Attendance shall in future be accorded to Clerks and others attached to the Army, under the following Regulations, and that abatements, made under the Regulations quoted in the margin, from the pay of Barrack Serjeants, Foreman, Artificers, Laborers, and others on the Establishment of the late Ordnance Department, shall cease, and those persons in future be subject to stoppages only while in hospital, at the regulated rates.

This decision is notified for the information of the Department, and any abatements, other than hospital stoppages, which may have been made subsequent to the 1st January, 1857, may be refunded to the several individuals.

B. HAWES.

Regulations above referred to.

1. All Clerks employed in the Military and Civil Departments of the Army, their wives, families and domestic servants, are to be considered entitled to professional attendance from the Medical Officers in charge of the Troops, and to medicines from the public stores, provided their places of residence shall be within one mile of the chief Military Hospital of the Station; the attendance, &c., however, to be extended to such children only as are under 14 years of age; and it should be clearly understood that Medical Attendance cannot be claimed for the wives of those holding the above appointments in cases of parturition, unless in circumstances where the services of neither a midwife nor accoucheur can be procured.

The domestics of the families specified requiring Medical Advice, must attend at the Military Hospital at fixed hours, unless the nature of their ailments should render confinement to the house necessary.

2. Office-keepers, permanent Laborers, and persons permanently attached to the Civil and Military branches of the Army, to be considered as entitled to Medical Attendance and Medicine; but the wives, children or domestics of these persons are not to be considered as possessing any claims to Attendance and Medicine, unless in localities where the services of civil practitioners are not available.

3. Barrack Serjeants, however, when residing in Barracks, may receive for themselves and families Medical Attendance and Medicines at the public expense.

4. It is to be clearly understood, that when in consequence of there being no Military Medical Officer present at the Station, a private practitioner is in medical charge of the Troops, no separate medical bills will be admissible for the Clerks and other persons before mentioned, but they are to be included in the numbers for which the regulated contract rate is charged.

5. Each Department must furnish to the principal Medical Officer of the Station, on the last day of every month, a nominal list of all the individuals entitled to receive Medical Attendance, which list should specify the precise occupation of each person contained in it, and no person will be considered as having a claim for Medical Attendance whose name is not periodically furnished as above proposed, and who does not reside within the prescribed distance of one mile from the Chief Military Hospital of the Station.

SIR,

War Office, 21st March, 1857.

THE attention of the Secretary of State for War having been drawn to the position of those Pensioners who have been accepted as Volunteers in the Militia, and are consequently excluded from the Enrolled Pensioner Force, in which they would now be more advantageously employed, I am directed by his Lordship to request that you will cause all such men who may be serving in the Regiment under your command to be forthwith discharged, provided there are vacancies for them in the Pension Force of the District, in regard to which you will communicate with the Staff Officer of Pensioners. The names, however, of those Pensioners who are considered efficient as Drill Instructors should be recorded, in case their services may be required in that capacity at the trainings of the Regiment, when they could be applied for, and paid in the manner prescribed by the Regulations of the 1st September, 1854. I am to add, that their discharge certificates should be forwarded to the Staff Officer of Pensioners, with the view to their being delivered by him to the men.

I have the honor to be, Sir,

The Officer commanding

War Office, 25th March, 1857.

THE recent decision conveyed to you by War Office Circular, No. 1243, dated 16th December last, fixing a uniform rate of Commuted Forage Allowance for Great Britain and Ireland and the Channel Islands, enables the Secretary of State for War to consent, with reference to Article 601, page 179, of the War Office Regulations of 1848, that from and after the 1st April next, the Contingent Accounts of General and other Staff Officers may be made up Quarterly instead of Half-Yearly, as at present, and forwarded to the War Office, according to the instructions contained in the Articles of the Explanatory Directions from 602 to 608 inclusive.

MEMORANDUM, No. 78.

War Office, 25th March, 1857.

HER Majesty having been pleased, by Warrant dated 28th ultimo, to sanction a new establishment for the Store Service at home and abroad, constituted upon the principles and governed by the regulations in the several schedules annexed thereto; a copy of the same, and a list of the members of the establishment in the new classes, are forwarded, by desire of the Secretary of State for War, for the information and guidance of all concerned.

The objects of the changes to which her Majesty's Warrant gives effect are,—

To impart a general stimulus to the service by affording greater facility and opportunities for the promotion of meritorious Officers;

To make the Officers of the department moveable, and thereby to facilitate the selection of Officers for the places for which they are most fit, independently of the accidental circumstances of their original appointments;

And to establish a gradation of rank in the service corresponding to the responsibilities and remuneration of the Officers respectively.

With the view of ascertaining the relative qualifications of Officers (referred to in Art. 3, Regulations C.) half-yearly reports (Forms G. and H) are to be made upon the conduct and abilities of all the Officers of the establishment, and forwarded to the Director of Stores on 31st March and 30th September in each year. These reports are to include all Officers who have served any portion of each half-year at the station.

The certificates for annual increases of salary are to be forwarded to the Director of Stores for approval as soon as they become due, and they are to be passed by him to the Accountant-General.

At Foreign Stations a duplicate certificate is in each case to be attached to the account in which the increase is charged.

Each Officer serving abroad is to be furnished on quitting his station with a certificate showing to what date inclusive his salary and foreign service allowance has been paid. Similar information is likewise to be forwarded to the Accountant-General; and in cases of removal from one Foreign Station to another, certificates are to be furnished to the senior Officer at each station.

To prevent delay in the settlement at head quarters or at Foreign Stations of any claims for foreign service allowance, Officers are to obtain from the Captains of the vessels in which they are conveyed certificates showing the date of their embarkation or disembarkation.

The allowances fixed by these Regulations for house rent at Home Stations, as well as those rates now drawn under previous rules, will be ordered for payment by the Accountant-General through the local Accountant, or otherwise, on the receipt of the claim made out and certified according to the Form (I) annexed.

It is to be clearly understood that the foreign service and tropical allowances are in no case to be drawn together, also that the extra remuneration of Officers temporarily in charge will be confined to the allowances specified in Art. 17, Regulations C.: the acting or charge pay heretofore given under certain circumstances will henceforth cease.

CIRCULAR, No. 79. (REGIMENTAL SAVINGS BANKS.)**91,300****Gen. No. 146.****SIR,***War Office, 27th March, 1857.*

It being found, on the examination of the Accounts of Regimental Savings Banks, that the receipts of the depositors for sums withdrawn have, in many cases, not been obtained ;

I am directed by the Secretary of State for War to request that care may be taken to prevent such omissions in future.

I have the honor to be, Sir,

CIRCULAR, No. 80. (STORES—HOME AND FOREIGN STATIONS.)**Z. 6643.***War Office, 27th March, 1857.*

THE Lords Commissioners of the Admiralty having forwarded to the Secretary of State for War various claims for the repayment of the cost of Stores supplied, or for work performed in the repair of boats, and other services, by Her Majesty's Naval Establishments at home and abroad, for Departments of the War Office, such of these claims as have been found to be unsupported by the receipt of the Departmental Officer into whose charge the Stores were delivered, have been necessarily postponed until the requisite proof of the supply shall have been obtained.

In order to prevent the recurrence of the like delay in the future settlement of claims from the Admiralty, and for the better regulation of such transactions in future, the Secretary of State for War desires that the attention of the Officers of the several Departments of the War Office may be drawn to the subject, and that they be informed of their obligation to give certificates for all Stores received by them respectively from Her Majesty's Naval Establishment, or for work performed, and to specify in such certificates the date of authority upon which the Stores may have been obtained, or the service performed, and also to state therein that the Stores received have been duly brought on charge in the Store Accounts of the Officer giving the receipt.

The Secretary of State for War therefore desires that all Officers commanding the Royal Artillery and Royal Engineers, as well as all Storekeepers at home and abroad, will adopt such measures as they may deem necessary to carry this order into full effect, with the least possible delay after the receipt hereof.

9. Drawing, <i>i. e.</i> , Elementary Geometrical Drawing, including the use of Drawing Instruments, and either Machinery, Architectural, Engineering, or Landscape Drawing	1,000

No Candidate will be allowed to be examined in more than five subjects, of which one must be in Mathematics, and no one who does not obtain at least one-fifth of the allotted number of marks in Mathematics will be eligible for an appointment.

From the eight other subjects of examination each Candidate may select any, not exceeding four in number, in which he desires to be examined ; but no one will be allowed to count the marks gained in any such subject, unless those marks shall at least amount to one-sixth of the total number of marks allotted to that subject.

"Pure" and "mixed" Mathematics are considered subdivisions of the subject, "Mathematics," and Latin and Greek subdivisions of the subject "Classics." A Candidate who takes up either subdivision of a subject or both, will be considered to take up the subject ; but his marks will not count in either subdivision of Mathematics, unless they amount to one-fifth of the number of marks assigned to that subdivision ; nor in Classics, unless they amount to one-sixth of that number. Moreover they will not count in Mathematics, unless from one or both of the subdivisions the total number gained amounts to one-fifth, or, in Classics, to one sixth the number of marks assigned to the whole subject. Thus, if a candidate takes up no mixed Mathematics, he must gain the more marks in pure Mathematics to count : and if he takes up no Greek, he must gain the more marks in Latin.

No Candidate will be admitted into the Royal Military Academy unless he obtain an aggregate of 3,000 marks at the least.

Any Candidate who shall not select French and Drawing among the subjects for his examination, will be required to satisfy the Examiners that he has such knowledge at least of the elements of those two subjects, as shall afford reasonable expectation that he will perfect himself in both during his residence at the Academy.

The following papers will be required to be transmitted by each Gentleman to the War Office, before the 1st June, with his application to be noted as a Candidate, unless he shall notify that he has been a Candidate at a previous

examination, in which case the statement of subjects only need accompany the application :—

1st. An extract from the register of his baptism, or, in default of that, a certificate verified by affidavit.

2nd. A certificate of good moral character, signed by a clergyman of the parish to which he belongs, and by the tutor or head of the school or college at which he has received his education for at least two years, or such other proof of good moral character as will be satisfactory to the Secretary of State.

3rd. A statement of the subjects of examination in which (in addition to Mathematics) he may desire to be examined.

All Candidates will be required to present themselves at the place of examination, hereafter to be determined, in order to be inspected by Military Surgeons, that it may be ascertained that they are free from any bodily defects or ailments calculated to interfere with the performance of military duties.

Notice will be given a month previously, in the public papers, of the place and days appointed for holding the examination.

War Office, 9th April, 1857.

IN order to obviate as much as possible the necessity in future of employing Civil Artificers on occasions of Active Service, the Secretary of State for War has approved of each Company of Garrison Artillery having at all times attached to it two Soldier Artificers, as Wheeler (or Carpenter) and Smith.

These men are to be mustered and paid as Gunners and Drivers, and will form part of the established number of that rank, and are to be distinguished by the badges worn by the Wheelers and Smiths of the Field Artillery. When actually employed in the Public Works they will receive Working Pay at the rate of 1s. 3d. a-day; those belonging to Companies at Woolwich are to be employed in the Royal Arsenal, and those at Out Stations at Home and Abroad, under the orders of the Commanding Engineer or Storekeeper, as local circumstances may point out, in repairing Gun Carriages, Platforms, &c., in conjunction with such other Tradesmen as may be employed under the direction of those Officers. Commanding Officers of Artillery are directed to give immediate notice of the arrival of a Company at a Station to the Commanding Engineer or Storekeeper, as the case may be, that his Military Artificers, whose names are to be stated, are available for the Public Works; and they are enjoined to co-operate in carrying out the intention of the Secretary of State by giving employment to these Artificers whenever the Public Service will admit of it.

Returns, according to the annexed form, of the work performed by the

Military Artificers are to be furnished to this Department, Quarterly, through the Director General of Artillery, for the information of the Secretary of State.

The Men are to be supplied with Tools from the Public Store.

SIR,

Horse Guards, 3rd March, 1857.

HIS Royal Highness the General Commanding-in-Chief having recommended to the Secretary of State for War the expediency of an investigation taking place, through the medium of Courts of Inquiry, into the state of the Registers of Soldiers' Services, which, there is reason to believe, are in many cases incomplete, and Lord Panmure having concurred in the proposal, I have the honor, by His Royal Highness's command, to request, that you will cause a Board of Officers to be assembled in every Regiment, Depôt, and Depôt Battalion under your command, which is to consist of the Second in Command, one Captain, and one Subaltern, for the purpose of carrying out the object in view, according to the instructions contained in the accompanying Memorandum.

You will impress upon the Officers selected for this duty its great importance, as any neglect, or carelessness in posting the records at the periods prescribed by the regulations relative thereto, inevitably leads to error and fraud.

You will be pleased to report when these Boards complete their investigations, when final orders will be given regarding their proceedings.

In conclusion, I am to add, that his Royal Highness is of opinion, that through the medium of these investigations, Regimental Officers will be enabled to acquire and complete a knowledge of a very essential part of their duty under this head, so as to induce, as well as to qualify them to exercise a vigilant control in the matter, and to ensure that the services of the soldiers under their charge shall at all times be carefully and correctly recorded.

I have the honor to be, Sir,

Your most obedient humble Servant,

G. A. WETHERALL,

Adjutant General.

MEMORANDUM.

Horse Guards, 3rd March, 1857.

DUTIES OF BOARDS appointed to investigate and report upon the REGISTERS OF SOLDIERS' SERVICES.

1st. To examine carefully the Regimental Records and Registers at present in use, comparing them with the Court Martial Books, Defaulter Books, Promotion Books and other Records.

2nd. To examine whether all variations in the Services of Soldiers, and in all matters affecting their pay and claims to pension, &c., have been regularly and correctly inserted in the Register and Records, in accordance with the Articles of the Explanatory Directions enumerated in the margin. [Articles, 472, 482, 483, 484, 485.]

3rd. To examine whether, in respect to men sent home from the Service

Companies, or who have otherwise become non-effective abroad, certified copies of their records have been regularly forwarded to the Depôts, and whether the Regimental Register and Records have been completed from such copies, as prescribed in Article 492 of the Explanatory Directions.

4th. To complete the Register and Record in each particular instance to the latest date, and insert on the face of those documents, immediately after such completion, the amount of the Service allowed to reckon, as follows,—

Total Service allowed to ———

(say 31st March, 1857),

——— years ——— days.

Vouched by the ———.

(Signature of the Senior Member of the Board.)

5th. To examine whether there be any errors or erasures on the Records, &c., and should such errors or erasures in any case create a suspicion of their being the result of fraudulent intention, the Board are to specify in their report the full particulars thereof, and to state their opinion thereon for special consideration.

G. A. WETHERALL,
Adjutant General.

CIRCULAR MEMORANDUM,

To General and Staff Officers, and to Officers commanding Infantry Regiments, Depôt Battalions and Depôts.

General No. 266.

Instruction of Musketry.

B. 94

11

Horse Guards (S. W.), 26th March, 1857.

THE General Commanding-in-Chief, having reason to believe that rifle practice is impeded, in consequence of soldiers not being sufficiently practised in the Platoon Exercise before being handed over to the Instructor of Musketry, finds it necessary to remind Commanding Officers and others that this, as well as all other portions of the company's drill, should be taught by the *Adjutant and Serjeant Major*; that the present system of Platoon was promulgated so far back as June, 1854; consequently, that every regiment and depôt ought to have been long since proficient therein; and that General Officers will be expected to bring to notice every instance which they may observe of continued neglect in this particular, to which they will be pleased to give their special attention at the ensuing Inspections.

Captains and Subalterns are required to attend rifle practice with their companies, and to make themselves equally acquainted with the instruction of musketry as with battalion and company drill, of which, indeed, it is a component part.

Field Officers also should render themselves conversant with the theory and practice of musketry, and it is more especially incumbent on *Commanding Officers*, who (and not the Rifle Instructors) are responsible for the efficiency of their men, to acquaint themselves with this most important part of the soldiers' training by careful study of the book of regulations, by giving their personal superintendence to the drill and practice of companies under the Instructor, and by availing themselves of the assistance and information

to be derived on the subject from the District Inspectors of Musketry at their periodical visits; and his Royal Highness looks to General Officers of Divisions, Districts and Brigades, to see that all do their duty on this as on every other head of service.

All Serjeant Majors of Infantry are to go through the course at the School of Musketry, and those at home are to be held in readiness to proceed to Hythe on the next relief of Detachments.

This order is to be read to the assembled officers of every Infantry regiment, depôt battalion and depôt.

By Command,
G. A. WETHERALL,
Adjutant General.

REFERRING to my communication of the 3rd instant, *Books and Returns,*

I have the honor, by direction of his Royal Highness the General Commanding-in-Chief, to acquaint you, that Officers commanding regiments will, after comparing the copies of Soldiers' Records in their possession with the Courts Martial Book, Defaulters' Book, Casualty Book, and other Documents essential to the verification of the same, send certified copies of the Records to their respective depôts, to enable the Commanding Officers to compare such copies with the originals in their possession.

The errors discovered in the original Records will be reported to the Adjutant General.

THE General Commanding-in-Chief has desired that the annexed copy of a letter from the War Office, and of its enclosure, relative to Instructors of Musketry being allowed to use the Garrison Schoolrooms for their lectures, on condition that they are so arranged as not to interfere with the primary object for which the Schoolrooms are provided, and that permis-

SIR,

War Office, Pall Mall (S. W.), 25th March, 1857.

I am directed by Lord Panmure to forward to you for the consideration of his Royal Highness the General Commanding-in-Chief the enclosed extract from a letter dated the 27th ultimo, addressed by the Rev. J. B. Windsor, Assistant Chaplain to the Forces at Chichester, to the late Inspector General of Army Schools, and to take this occasion of remarking, where it may happen, for want of separate accommodation, that an Inspector of Musketry finds it convenient to avail himself of the Garrison Schoolroom for his Lectures, Lord Panmure will have no objection to his so doing, provided they can be so arranged as not to interfere with the primary instruction for which these Schoolrooms are provided, or with the special work of the Schoolmaster.

It appears to his Lordship that there will be little difficulty in effecting this, if the Instructor of Musketry be directed, in every such case, to ascertain the existing School arrangements, and then apply, through the Commanding Officer, for such permission as he may require.

The Commanding Officer will address himself (marking his communication with the words "Schools" in the corner) to the Under Secretary of State, War Office, Pall Mall, who will communicate the directions of the Secretary of State for War on the subject.

I am therefore to request that you will move his Royal Highness to cause this course of proceeding to be made known to the Officers concerned.

I have, &c.,

Major General Sir Charles Yorke,
K.C.B., &c. &c. &c.

(Signed) B. HAWES.

(EXTRACT.)

"The Schoolmaster at the Barracks mentioned to me to-day that the Instructor of Musketry had made use of the Schoolroom on one day in this week for the purpose of a Lecture, and signified his intention of giving a course."

"He is anxious to know whether you sanction such use being made of the room. On the occasion referred to it interfered with no classes, but it will, if continued, clash with a class of Non-commissioned Officers that the Schoolmaster was proposing to form."

Rev. R. Burnett, h.p. 15Mar.57

The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force :

Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission, may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of Her Majesty's Realm.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander-in-Chief, the Master-General of the Ordnance, or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

CIRCULAR, No. 96.

SIR,

War Office, 25th April, 1857.

1.—The attention of the Secretary of State for War having been directed to the serious inconvenience and delay in the distribution of the balances of Effects of Officers and Soldiers who may die in China, likely to occur by such balances being reported to this Department only in the Regimental Quarterly Pay List, his Lordship has deemed it expedient to direct that, during the continuance of active operations, a Monthly Return showing all the casualties that have occurred, commencing from the 1st May, 1857, shall be rendered to this Department by each Regiment engaged on that service on the enclosed form.

2.—The Casualty Return is to be despatched without fail by the first mail after the termination of each month. If in any instance it should be found impracticable to include therein the amount of the effects, as well as the name of the Officer or Soldier, such amount should be included in the return for the succeeding month, but every endeavour should be made in the first instance to make the return as complete as possible.

3.—The name of the Officer or Soldier, however, is invariably to be inserted in the return of the month in which the Officer or Soldier shall have become noneffective.

4.—The Paymaster will clearly understand that the sums inserted as the balances of the Officers, and Soldiers' Effects will, on the receipt of the return, be at once authorized by this Department to be paid to their representatives; he will, therefore, be held responsible for crediting the sums so stated in his Quarterly Pay Lists, and for any overpayment from any er-

roneous entry in the Return. I am, therefore, to request that you will enjoin upon the Paymaster the necessity of a careful attention in preparing and punctually rendering to this Department the Monthly Return complete in all its details and with the Soldiers' Account Books duly annexed.

6.—The prescribed Non-Effective Statements of the Officers' and Soldiers' Accounts are, as heretofore, to be annexed as vouchers to the Quarterly Pay List, but it will be unnecessary to repeat in the Casualty Return of the Pay List any other particulars which will have already appeared in the Monthly Return, except the names of Officers and Men and the amounts of effects, quoting the No. of Non-Effective Statements as a voucher and the Regimental No. of the Soldier.

6.—All the particulars applicable to *Deserters* are to be inserted in the Monthly Return, except the amount of effects. The amount of such effects is to be stated only in the Quarterly Pay Lists, where also should be stated the full particulars regarding Men transferred or invalided which are not required to be inserted in the Monthly Statement.

7.—The List of Casualties annexed to the "Daily Distribution" and the Periodical "Record of Deaths" hitherto furnished by the Regiment may for the future be discontinued.

8.—As all quarterly Pay Lists will, during the continuance of the Service, be rendered in the first instance to the Military Auditor in China, it will be necessary that Three-Monthly Muster Rolls be prepared and forwarded direct to this Office by the earliest possible opportunity after the completion of each Quarter.

9.—You will cause a Report to be made to the Military Auditor of the date when each Monthly Casualty Return, and each Three-Monthly Muster Roll, shall have been transmitted to this Office.

I have the honor to be, Sir,

To Officers Commanding —
Regiments in China.

Your most obedient Servant,
B. HAWES.

P.S.—A supply of the forms of Monthly Casualty Return and Three-Monthly Muster Rolls are sent herewith.

The same is notified for the information of the Barrack Master, in order that he may, on requisition from such Officer, supply the necessary tools and materials for performing the work—viz., prepared paint (Black and White) and Brushes, for which, should he have none in store, he will make application in the usual manner; and which, after the work is performed,

ALLOWANCE TO MEN ON A MARCH.

SIR,

War Office, 5th May, 1857.

It having been fixed by Legislative Enactment that the system of Billeting Troops in Scotland shall be the same as in England, and provision being made in the Mutiny Act for extending to the Innkeeper in Scotland the allowance of Tenpence for the hot meal when actually supplied by him to the Soldier on the March, I am directed by the Secretary of State for War to acquaint you that the daily Marching Allowance to the

Soldier in Scotland will accordingly be chargeable as when in England, at the following rates, viz. :—

I am to add, that all existing Regulations* affecting Marching Money in England will now equally apply to Scotland, but Paymasters should take especial care to avoid the conjoint issue of the allowance of 10d. to the Innkeeper for the hot meal in Scotland with that of the Marching Money at the higher rate payable to the Soldier previously to the legal Enactment before referred to.

No Serjeant is to be recommended for re-appointment who is not medically fit for a further service of five years, and who is not, in every other respect, equal to his duties; those who are unfit should be discharged immediately on the expiration of their present engagement.

CIRCULAR, No. 107.

Rules for Conducting Works and Buildings in the Manufacturing Departments.

78

Gen. No. 3

War Office, 11th May, 1857.

I. The direction, control and responsibility of the whole of the Works and Building operations authorized by the Secretary of State for the War Department, charge of lands, &c. of the War Department in the Royal Arsenal, Waltham Abbey, Enfield, Purfleet and Shoeburyness, is vested in the Inspector General of Fortifications, who will direct an Officer of his Staff especially to attend to these duties.

II. This Officer will be called Inspector of Works in the Manufacturing Departments. His Office will be in Whitehall.

All letters upon the subject of these Works will be addressed to the Inspector General of Fortifications, and marked at the head "M. D. Works."

III. The Inspector of Works will be assisted by a Surveyor of Works, resident at Woolwich, who will have immediate charge of the Works in the Arsenal, and by resident Clerks of Works at the other Stations.

IV. The orders of the Inspector of Works are to be considered as Orders of the Inspector General of Fortifications.

V. The general spirit of the Engineer Code will be adopted, and all deviations from it must be specially authorized—the only difference being that in this district the Commanding Royal Engineer and the Inspector General of Fortifications are the same person.

VI. The Surveyor of Works, Clerks of Works, &c., will render to the Superintendents of Factories and Heads of Departments all the professional assistance in their power—and will, in all practicable cases, conform to their views and consult their wishes—but they will be directly responsible to the Inspector General of Fortifications for all expenditure incurred, and from this responsibility no order from the Head of a Department can relieve them.

VII. A separate Annual Estimate will be prepared for each Manufactur-

ing or other department, after personal communications between the Inspector of Works and the Superintendents of the several Departments.

VIII. When a new Work is required for a Department either in an annual or special estimate, the Superintendent of that Department will state his requirements to the Secretary of State. The Secretary of State will then, if he thinks fit, call upon the Inspector General of Fortifications for plans and estimates. The Inspector General of Fortifications will put the Inspector of Works or other competent person in personal communication with the head of the Department to learn his views in the utmost detail. The plan will be, if necessary, repeatedly submitted to the Superintendent, and his concurrence obtained before it is finally submitted to the Secretary of State.

IX. All works chargeable to the incidental item will be executed upon the requisition of the Superintendent of the department concerned, or in his absence by any one acting on his behalf. Such services as are of so urgent a character as to admit of no delay, will be ordered for execution at once. In such cases the urgency of the work is to be immediately reported to the Inspector of Works, who will obtain the necessary sanction for the expenditure. Services which will admit of a few days' delay will be submitted to the Inspector General of Fortifications for his sanction before anything is done upon them.

X. In the case of Works being required of too considerable a nature to be executed on the incidental item, or which would be likely prematurely to exhaust that item, a special report, in the first instance, of the circumstance must be made by the Surveyor or Clerk of Works to the Inspector General of Fortifications, forwarding the requisition and an approximate estimate.

XI. In the case of any considerable deviation from the original and authorized plans and specification of a Work being required by a Superintendent in consequence of any unforeseen circumstance, and which would cause an excess upon the estimate sanctioned, a report is to be made by the Surveyor of Works, or Clerk of Works, to the Inspector of Works, stating the nature of the change, explained by a diagram, if necessary, its causes, and the probable expense, which must be sanctioned before the alterations are commenced. A similar course will be pursued in the case of any deviation appearing to the Surveyor of Works, or Clerk of Works, indispensable during the progress of the Works. In cases where serious inconvenience would result from the delay of a few days, and wherein the change would involve an inconsiderable expense, it may be made in anticipation of the authority, but a report of the circumstances must be immediately made.

XII. The expenditure upon the Works of each Manufacturing or other Department will be kept separately and in distinct ledgers, in the usual form, and the expenditure of the district will be kept in one general ledger for the whole, in Whitehall. All bills, having been carefully examined and checked in every detail, and duly certified by the Surveyor of Works and Clerk of Works, will be transmitted to the Inspector of Works, by whom they will be examined, signed and forwarded to the proper quarter for payment.

XIII. The measurement of Works will be under the charge of a Surveyor especially appointed for that important branch of the service.

XIV. The books kept will be those specified in the Royal Engineer Code,

and each Office will be furnished with the List of Periodical Documents required.

XV. Each Clerk of Works will be required to keep a diary ready for inspection at all times by the Inspector of Works, or other superior authority. This diary is to give a complete history of each Work during its execution, the date of the commencement of each part of it, the progress of the several parts at frequent intervals, and the time of their completion. All delays, and any variations from the design, together with the reasons and authorities for the same, and any incidental information which may afterwards be useful, are to be regularly recorded. This book will be open to the Superintendents of the Manufacturing Departments.

XVI. The Inspector of Works will exercise the same care of the lands of the War Department in the Arsenal, at Waltham Abbey, Enfield, Purfleet and Shoburyness, as is required of District Commanding Royal Engineers by Circular, No. 34. (Inspector General of Fortifications.) 1st January, 1857, ¹⁴⁸₃₀₇.

THE VICTORIA CROSS.

THE following is a List of the names of the Officers to whom the above Decoration has been awarded in addition to those published in "*The Monthly Army List*" for March, 1857 :—

War Office, 5th May, 1857.

The Queen has been graciously pleased to signify her intention to confer the Decoration of the Victoria Cross on the undermentioned Officers of her Majesty's Army who have been recommended to her Majesty for that Decoration, in accordance with the rules laid down in her Majesty's Warrant of 29th January, 1856, on account of acts of bravery performed by them before the enemy during the late War, as recorded against their several names, viz.—

Gren. Gds.—Colonel Hon. H. H. M. PERCY.—Date of act of bravery, 5 Nov. 1854.

At a moment when the Guards were at some distance from the Sandbag Battery, at the Battle of Inkerman, Colonel Percy charged singly into the Battery, followed immediately by the Guards; the embrasures of the Battery, as also the parapet, were held by the Russians, who kept up a most severe fire of musketry.

At the Battle of Inkerman Colonel Percy found himself, with many men of various regiments who had charged too far, nearly surrounded by the Russians, and without ammunition. Colonel Percy, by his knowledge of the ground, though wounded, extricated these men, and passing under a heavy fire from the Russians then in the Sandbag Battery, brought them safe to where ammunition was to be obtained, thereby saving some fifty men and enabling them to renew the combat. He received the approval of his Royal Highness the Duke of Cambridge for this action on the spot. Colonel Percy was engaged with and put hors de combat a Russian soldier.

7 F.—Lieutenant WILLIAM HOPE.—Date of act of bravery, 18 June, 1855.

After the troops had retreated on the morning of the 18th of June, 1855, Lieutenant W. Hope, being informed by the late Serjeant Major William Bacon, who was himself wounded, that Lieutenant and Adjutant Hobson was lying outside the trenches, badly wounded, went out to look for him, and found him lying in an old agricultural ditch running towards the left flank of the Redan. He then returned and got four men to bring him in. Finding, however, that Lieutenant

Hobson could not be removed without a stretcher, he then ran back across the open to Egerton's Pit, where he procured one, and carried it to where Lieutenant Hobson was lying. All this was done under a very heavy fire from the Russian batteries.

7 F.—Assist. Surg. THOS. E. HALE, M.D.—Date of act of bravery, 8 Sept. 1855.

First. For remaining with an Officer who was dangerously wounded—Capt. H. M. Jones, 7 F.—in the fifth parallel, on 8 Sept. 1855, when all the men in the immediate neighbourhood retreated, excepting Lieutenant W. Hope and Dr. Hale; and for endeavouring to rally the men in conjunction with Lieutenant W. Hope, 7 R. Fusiliers.

Secondly. For having on 8 Sept. 1855, after the regiments had retired into the trenches, cleared the most advanced sap of the wounded, and carried into the sap, under a heavy fire, several wounded men from the open ground, being assisted by Serjeant Charles Fisher, 7 R. Fusiliers.

Coldstream Guards.—Brevet Major JOHN AUGUSTUS CONOLLY.—Date of act of bravery, 26 October, 1854.

In the attack by the Russians against the position held by the Second Division, 26 October, 1854, Major Conolly,—then a Lieutenant in the 49th Foot,—while in command of a company of that regiment on outlying picket, made himself most conspicuous by the gallantry of his behaviour. He came particularly under the observation of the late Field Marshal Lord Raglan, while in personal encounter with several Russians in defence of his post. He ultimately fell dangerously wounded. Lieutenant Conolly was highly praised in General Orders and promoted into the Coldstream Guards as a reward for his exemplary behaviour on this occasion.

ALL FIELD OFFICERS whose names are allowed to be retained in the ARMY LIST, whether they may have sold out since or previously to the issuing of Her Majesty's Royal Warrant of the 6th October, 1854, shall send a Certificate to Her Majesty's Secretary-at-War of their being alive on the 1st January and the 1st July of each year.

If such Certificate due on the 1st January be not received at the War Office by the 1st April, and that due on the 1st July by the 1st October, it will be concluded that the Officer is deceased, and his name will be removed from the ARMY LIST.

MEMORANDUM.**ARTIFICIAL ARMS AND LEGS.**

THE Lords and others Commissioners of Chelsea Hospital having at the suggestion and recommendation of the Secretary of State for War, made Arrangements for the supply of Artificial Arms (constructed upon an improved principle) and of Artificial Legs (in imitation of the natural leg, both as to form and motion) to those Commissioned Officers who have been wounded in the Service, whose means may not enable them to provide themselves with more expensive contrivances,—it is hereby notified, that such Officers who may be desirous of availing themselves of this benefit, and whose cases may come within the above regulation, should address their applications upon the subject to the Secretary of Chelsea Hospital. It is, however, to be clearly understood, that, as this is intended to be a boon to Officers of the above description, no pecuniary allowance in lieu can be granted to Officers who may prefer providing themselves with other substitutes for limbs.

- 1st. What is his age? Whether on Full or Half Pay? Whether serving abroad or at home?
- 2nd. Has he completed FIFTEEN years' service on Full Pay, and in what Corps?
- 3rd. What is the date of his Commission as Captain?
- 4th. Has he received the difference when placed on Half Pay? Did he retire at his own request, from ill health, or from wounds?
- 5th. Has he served as Adjutant, or Paymaster, or on the Staff in any capacity likely to qualify him for the duties of Staff Officer of Pensioners?
- 6th. Has he certificates of ability and fitness from Officers under whom he served?

N.B. Officers under or above the rank of Captain, or whose appointments would involve immediate Brevet Rank, or who, having received the difference, are not prepared to repay it, are ineligible for the appointment of Staff Officer of Pensioners.

The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force :

Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission, may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which are not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander-in-Chief, the Master-General of the Ordnance, or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

(Signed) CLARENDON.

Foreign Office, May 16, 1855.
